

DIAMOND KING 4

Diamond King 4 offers 40 exciting games, 20 of which linked to a progressive jackpot. A new feature is the inclusion of a Buy Bonus function on one of the most played games worldwide - Duck of luck. Unlike previous versions, players can now win any of the three jackpot levels directly from the base game, while the cascading white and pink diamonds promise thrilling rewards at every turn.

Designed with the next generation of players in mind, **Diamond King 4** features enhanced graphics, modern themes, and an immersive experience that's perfectly in sync with today's gaming landscape. To increase the level of player engagement, the upgraded features of the newly conceptualized linked progressive jackpot, Diamond Tree Deluxe, presents an elevated reward experience with every spin.
